Vodafone – Built for Business

Join Vodafone's growing 5G network

- Vodafone is rolling out 5G to a growing number of locations across the UK and the EU
- They're the first mobile network to offer 5G roaming and are continuing to roll out 5G across Europe faster than any other network
- Vodafone 5G gives you faster speeds, lower latency, and a more reliable connection

Emergency services, supported by Vodafone

Those you trust, trust Vodafone to keep them connected. The network is proud to support 77% of UK emergency services with Vodafone connectivity.

Doing their bit for the planet

Vodafone is working to cut carbon emissions from their UK operations to net zero by 2027. They're investing millions into energy-efficient equipment, powering their network, offices, and stores with 100% renewable electricity, switching to an electric fleet, and more. By 2040, Vodafone will be net zero across its full carbon footprint globally.
